

MISCELLANEOUS STUCCO COMPONENTS

Vinyl Angles are used with inside and outside corner expansion joints or can be sold separately.

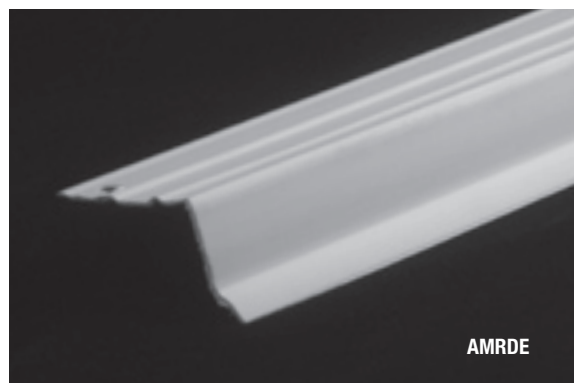

Product No.	Dimensions (Legs)	Box Count
AM750-750	3/4" x 3/4"	50
AM1000-1000	1" x 1"	50
AM1500-1500	1 1/2" x 1 1/2"	50

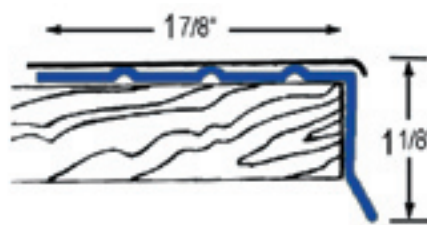

Vinyl Angle

Vinyl Roof Drip Edge is applied at the edge of the roof to provide continuous edge protection for plywood sheathing, and a drip edge to channel moisture away from the building. This product paints easily to match adjoining fascia.

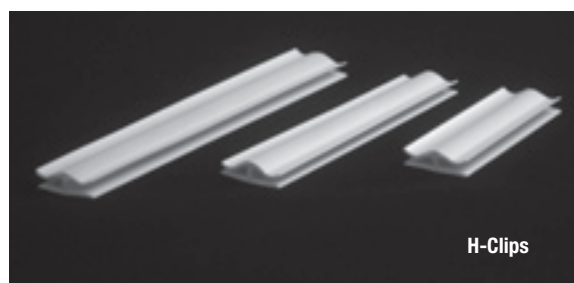

Product No.	Dimensions	Box Count
AMRDE-200	1 7/8"	100

AMRDE

H-Clips are used to attach all vent products and to assure stability and continuity between the joining surfaces along the line. They are produced in 2", 3" and 4" lengths and are already provided in the cartons for various vent components. Contact AMICO-Lakeland about ordering the H-Clips to complete a project or to receive additional clips.

H-Clips
